

Passionately on Mission

Sometimes we are better able to see our own culture and its values when we are in another culture and look back.

1. Describe an experience you had where you **learned something about our culture** from either an experience you had in another culture or in talking to a person from another culture who sees our society through their lens.
2. Read Exodus 34:14, 1 Cor 10:13 and Rev 4:11. Describe what “jealousy for God’s glory” means to you. Can you think of a story in the bible or a story in your life where you experienced that response?
3. How would you answer the question, “So what’s the big deal about Jesus?” from a co-worker or neighbor.
